MASON COUNTY MAN CHOSEN OFFICER OF STATE FEDERATION

Mr. John R. Downing, President of the Mason County Farm Bureau, Named First Vice President Of State Organization.

Thirty-five representatives of County Farm Bureaus and Farm Agents organized the Kentucky Federated Farm Bureaus at a meeting in Louisville Saturday.

The association is to provide the most profitable system of agriculture. It will work in co-operation with the College of Agriculture of the University of Kentucky, the United States Department of Agriculture and the Kentucky State Board of Agriculture and will become a member of the national organization.

J. R. Howard, Iowa Federated Farm Bureau, spoke on the work of his organization. He said that when a county has a farm bureau of 200 members and \$1,000 it is required that the fiscal court appropriate \$3,500 to help carry on the work in counties of less than 25,000 population and \$5,000 in counties of over 25,000. He said county agents receive from \$2,500 to \$4,200 a year and are furnished all expenses, including automobile and transportation help.

Iowa started a campaign recently for a membership of 100,000 and \$200,000, and they were successful in securing 150,000 members and \$400,000, he said.

Mason county was signally honored when Mr. John R. Downing, prominent local farmer and president of the Mason County Farm Bureau, was elected First Vice President. The other officers chosen were: John S. Crenshaw, of Cadiz, President; H. S. Barry, of Owensboro, Second Vice President and W. F. Flowers, Russellville, Secretary. There were over 150 farmers at the Louisville meeting and besides electing the temporary officers they adopted a constitution and by-laws which will be permanent when 10 duly organized bureaus ratify them. A meeting will be held on the second Tuesday in January to make the organization permanent. All bureaus have one representative in the state federation and an extra vote for 500 members or more. Mason county will soon start a campaign to increase their membership to over 500 members in order to get another vote in the state body.

Mr. and Mrs. Peters of Marion, Ind., are visiting their son, Rev. W. S. Peters and family.

MAYSVILLE TO BE HOST TO STATE REBEKAHS IN 1920

Annual Convention of the Grand Lodge of Rebekahs of Kentucky Will Be Held in Maysville in 1920—Local Woman Is State Officer.

It became known in Maysville this morning that at a meeting of the Grand Lodge of Rebekahs held in Lexington last week, Maysville was selected as the next meeting place for the Grand Lodge which will be held in November 1920.

Maysville has a very strong lodge of Rebekahs and one of its members, Mrs. George Schwartz, has been honored by being selected Treasurer of the Grand Lodge of the state. At the meeting in Lexington last week, she was again honored by being re-elected without opposition to this very important office.

The local lodge of Rebekahs together with both of the local lodges of Odd Fellows will begin immediately to make plans for the entertainment of the Women's Branch of Odd Fellowship and will do their best to make the reputation of the City of Maysville as a Convention city even greater than it is at present. No time will be lost in making these preparations and work will begin on the plans immediately.

BOY REPORTED KILLED IN FRANCE IS HOME

Charles Jones, one of the Maysville boys who saw much service in Europe, during the world war who was reported in the official government casualty list as having been killed in action, has returned home, having been given his final discharge from the army at San Antonio, Tex. It will be remembered that Jones' mother received official notice of her son's death from army officials and had made application for his insurance when she received a letter from him telling her that he was well.

PISGAH ENCAMPMENT MEETS TONIGHT

Regular semi-monthly meeting of Pisgah Encampment I. O. O. F. will be held this evening at DeKalb Lodge's building in Second street. A full attendance of the membership is requested.

QUARTERLY COURT TODAY
The Mason Quarterly Court was in session at the Court House today and Judge H. P. Purnell gave judgment in a number of cases. The docket was an unusually heavy one.

PREACHER'S BRIDE LEAVES GROOM AND RETURNS TO HOME

Finding That Her Husband Had Not Yet Procured His Divorce From His Former Wife Local Woman Leaves Him at Cincinnati Depot and Returns Here.

Considerable interest has been shown here by the many friends of Miss Nannie R. Gill, of Forest avenue, adopted daughter of Mrs. Judith Rice, in the recent developments that the man she married here on last Thursday afternoon is technically a bigamist because he has not been finally granted a divorce from his first wife. Miss Gill and Rev. Mr. Cocks were married here on Thursday afternoon and took the 3 o'clock C. & O. train for Cincinnati. En route to Cincinnati, through a newspaper article, she is said to have discovered that her husband did not have a divorce from his first wife and she left him at the Cincinnati station only a few hours after the marriage.

In this connection, the Cincinnati Enquirer says:

Rev. Mr. Cocks and his second wife were on train en route from Maysville to Cincinnati for their honeymoon trip when she said she saw the account of the divorce proceedings, which were being held up by Judge Charles W. Hoffman, pending an investigation of an alleged difference in the spelling of the name of the minister.

Mrs. Cocks began to cry, she said, and showed the newspaper account to Rev. Mr. Cocks. Immediately after arriving in Cincinnati Mrs. Cocks said she left her husband at the Central Union Railway Station and went to the home of a friend. Her clothing, she said, was taken on to Rev. Mr. Cocks' home.

Mrs. Cocks was in Maysville yesterday. During the morning she saw Attorney J. Q. Martin, Rev. Mr. Cocks' attorney, who held a private interview with her at the home of her foster mother, Mrs. Judith C. Rice, Maysville. Mrs. Cocks was nervous and depressed during the afternoon and would see no one. Her foster mother and several members of her family, however, talked freely of her marriage to the minister.

The marriage took place last Thursday at the Rice home, they said, and a dinner followed. The marriage license, according to Maysville advices, shows that the word "divorced" has been erased and the word "widower" stands. Rev. Mr. Cocks, it is said, became furious when the wedding party threw rice on him at the Chesapeake and Ohio station at Maysville, and hurled his overcoat out of the window of the car.

Relatives said Mrs. Cocks No. 2 would rejoin her husband if his divorce troubles are legally and satisfactorily settled.

Rev. Mr. Cocks, according to relatives of Mrs. Cocks No. 2, represented himself to be a widower, and she knew nothing of the pending divorce case.

Mrs. Cocks is 38 years old. Rev. Mr. Cox, it is said, is 56 years old, and has two children, a girl, Ruth, 15 years old, and a son, Irvin, 13 years old. His first wife is said to be in Kansas.

Rev. Mr. Cox and his attorney, J. Q. Martin, have been summoned to appear before Judge Hoffman Wednesday, to make an effort to straighten out the tangles developing from his suit for divorce. Conflicting names said to have been used by the minister—Fred Cocks, Fred Cox, and F. George Cocks, caused Judge Hoffman to withhold action on the divorce suit instituted by the minister last week, until the question raised by the names could be adjusted. Meanwhile, the minister, it is asserted, complicated the situation by marrying Miss Gill.

Attorney J. Q. Martin, in Cincinnati today stated that Mrs. Cocks No. 2 would return to her husband when the present complications are straightened out. The attorney said he did not know the whereabouts of his client.

INTERESTING PROGRAM FOR ARMISTICE DAY

Leslie Arthur Post American Legion Will Celebrate Armistice Day Here Tuesday Afternoon M. J. Hennessey to Speak.

It is announced by the Committee of the Leslie H. Arthur Post of the American Legion that the program announced in yesterday's papers will be rendered at the Boys' Band Stand if the weather permits. In case the weather is inclement the program will be rendered in the auditorium of the Maysville High School.

Regardless of where it is given the program will begin promptly at 2 o'clock p. m. Tuesday, November 11. All persons are urged to display the National colors from their homes and business places on this day.

Everyone who intends attending the program to be given by the Local Post of the Legion is urged to be on hand promptly so that the program may not be interrupted by the late arrival of any one.

The chief speaker of the afternoon will be Hon. M. J. Hennessey, former District Prosecutor and one of the most prominent lawyers and best speakers in this section of the state. Mr. Hennessey has been much in demand for similar addresses and Maysville and Mason county is indeed fortunate to get him for Armistice Day.

The program as announced by the officials of the local post follows:

Music—(America)—Boys' Band.
Invocation—Rev. John C. Stephenson.
Music—Selected.
Address—Hon. Matt J. Hennessey.
Presentation of Colors to Leslie H. Arthur Post, American Legion.
Raising of Colors.
Benediction—Dr. John Parbour.
Music—Boys' Band.

ATTENDING BIG MEET- ING OF FLORISTS

Mr. C. P. Dieterich, local florist, leaves Wednesday for Indianapolis, Ind., to attend the annual meeting of the Indiana State Florist's Association. This is one of the greatest meetings of florists held in the United States. The big feature of the meeting will be the monster flower show on Thursday of this week. Extensive preparations are being made to entertain the visitors.

CITY COUNCIL MEETS IN AD- JOURNED SESSION TONIGHT

The Maysville City Council will meet in adjourned session at the Council Chamber this evening for the transaction of what matters of business were postponed at the regular meeting. It is expected that the meeting will be quite an interesting one as there are many important matters to come before the body.

DISASTROUS FIRE DESTROYS BUILDING OF LUMBER COMPANY

Early Sunday Morning Blaze Destroys Office and Warehouse of Limestone Lumber Company—Small Insurance Carried.

About three o'clock Sunday morning two young men employed at Dam 33 who were passing the office and warehouse of the Limestone Lumber Company in East Second street, Fifth ward, noticed that the interior of the building was in flames. They immediately turned in an alarm, at the box at the corner of Second and Commerce streets but so inflammable was the material in the building that upon the arrival of the Fire Department in a very few moments afterwards, in the entire building was in flames and the flames were leaping through the roof of the belfry.

Upon the arrival of the company it appeared that the entire block would be consumed by the fire but Chief Newell and his men, with the assistance of citizens put two streams of water to work. One was used on the Fleming property East of the burning building and the other on the old Mathews property West of the building. Fortunately these two buildings were brick and the firemen were thus enabled to confine the fire to the building of its origin, that building, however was completely destroyed and the fire smoldered all day Sunday and broke out anew in a small blaze Sunday night calling again the department.

Officials of the Limestone Lumber Company estimate their loss at between \$8,000 and \$10,000 with but \$4,000 insurance. The origin of the fire is a mystery no one being able to assign any cause for its beginning.

Temporarily the offices of the Limestone Lumber Company are now located in the building on East Second street used by Squire Fred Dresel as a court room. The company will likely rebuild in the near future.

ELKINS-MILLER

Sherman Miller, aged 26, and Miss Velva Elkins, aged 21, both of this city, were married this morning at the Court House by County Judge H. P. Purnell.

BABY DODSON

Dr. and Mrs. J. Allan Dodson are receiving hearty congratulations upon the arrival at their home in East Third street Sunday morning of a fine baby boy, making the second son. He has been named Robert Lee.

DEATH OF LEXINGTON MAYOR BRINGS GLOOM

Chief Executive of Bluegrass City Had Many Friends and Admirers in Maysville—Instituted Local K. of C. Order.

An announcement this morning by telegram of the death of Hon. J. C. Rogers, present Mayor of the city of Lexington, casts a gloom of sorrow over a wide circle of esteemed friends in Maysville, who, knowing his many sterling qualities, his many virtues which make for and hold admiration, profoundly lament his taking off. Whilst not wholly unexpected, yet to his Maysville admirers, his death was a painful blow.

Mr. Rogers organized, initiated and installed the present prosperous local Council of the Knights of Columbus, to every member of which he endeared himself for life as more than friend. The highest trusts in that order within the giving of Knighthood in the State of Kentucky were bestowed on him, he having been honored by the State Deputysip for several terms. The funeral will be held at St. Peter's Church at Lexington, Ky., tomorrow at ten a. m.

PRESSURE VERY LOW AT BEGINNING OF FIRE

When the local fire department threw water on the Limestone Lumber Company fire early Sunday morning the water pressure was very low registering 65 pounds but the pump which was working was started full force and a pressure of 85 pounds was finally obtained. Divers have now released the bank pump which will be put to work at once and which with the other pump will furnish the city with a good supply.

SOME PRICE FOR THE WEED IN THE SOUTH

In a letter to his father-in-law, Mr. J. D. Baugh, of East Second street, Mr. McClure, a tobacco auctioneer writing from the North Carolina market says that crops are selling unusually high. Mr. McClure speaks of selling a crop of 2260 pounds at Farmville, N. C., for a general average of \$92.20.

WALDO PERRY'S BURIAL HERE ON TUESDAY

The body of Waldo L. Perry, who died at the home of the parents in Cincinnati on Saturday, will be brought here Tuesday afternoon and be taken direct to the Maysville cemetery for burial. Funeral services will be held at Cincinnati this evening.

COUNCIL CONTEST IS LEFT ENTIRELY VOTER'S CHOICE

Judge Purnell's Decision in Contest—

Circuit Judge J. D. Newell this morning passed on his order in the Purdon-Dodson election contest case. He not only directed the Election Commission to give the certificate of election to councilman from the Third ward, James Purdon but he also dissolved the temporary injunction issued last week by Circuit Clerk James M. Key enjoining the Election Commissioners from leaving the vote of Dr. Dodson. This leaves the contest entirely up to City Councilmen, themselves unless the case is appealed.

The complete order follows:

MASON CIRCUIT COURT
James Purdon, Plaintiff
Vs.
J. A. Dodson, Defendant

The application of plaintiff was heard before me pursuant to notice Saturday, November 8, 1919. Came the defendant, J. A. Dodson, and filed a special demurrer to petition. After consideration of the motion of plaintiff for a mandatory injunction directing that the Election Commissioners, Galbreath, Schwartz and Rasp, issue a certificate of election to him, it is now ordered that said mandatory injunction be and is refused.

The restraining order granted herein by the clerk of this court enjoining said Election Commissioners, from canvassing or tabulating votes cast for defendant, Dodson, and from certifying same is now dissolved and plaintiff is given ten days in which to apply to a Judge of the Court of Appeals for review of these orders.

Witness my hand this November 10, 1919.

C. D. NEWELL,
Judge Mason Circuit Court.

FISCAL COURT MEETS TUESDAY

The regular monthly meeting of the Mason Fiscal Court will be held at the office of the County Commissioners in the Court House Tuesday and at this meeting there is quite a lot of business of importance to be transacted.

KEHOE-OWENS

Relatives here were advised Sunday of the marriage at Indianapolis, Ind., Saturday evening of Miss Mary Kehoe daughter of Hon. J. N. Kehoe, and Mr. Perrine Owens, son of Mr. and Mrs. Robert Owens, of the county.

WINDOW GLASS SPECTACLES NOT DANGEROUS

If you had your choice between giving up everything you have in this world and losing your eyesight, I am sure you would keep your eyes. Trouble is we never think of these things until we're brought face to face with them. Many people buy spectacles from peddlers that do more harm than window glass spectacles. If you value your eyes, consult only a reliable sight specialist. Come to

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

SOMETHING DECIDEDLY FISHY

There seems to be something decidedly fishy concerning the disposition of the President of the United States. According to press reports, and the daily bulletins of his attending physician, Admiral Cary Grayson, a tender solicitude is displayed lest he be brought in contact with business of state for fear of causing a relapse into nervous prostration and mental disorder; yet several messages are ascribed to him dealing with industrial disputes, and one veto of a most important and consequential measure—prohibition—purports to come from him, although its language is by no means Wilsonian. On the very day this veto message was presented to the Senate the President was reported unable to give even the faintest greeting to the King and Queen of the Belgians, although the Queen was graciously permitted to kiss the royal hand of Mrs. Wilson as she made her exit by the front door of the White House, whereupon Democracy sounded another fanfare.

When Secretary Lane read what he said was the President's message to the industrial conference, he too it from his pocket with the remark that it had been signed by the President while lying on his sickbed, and he put it back into his pocket without permitting anyone to see it. Apparently Mr. Wilson is allowed full latitude by his physician in dealing with industrial problems, but as to his attitude toward the pending reservations of the Committee on Foreign Relations to the league of nations his most intimate lieutenants are given not the slightest inkling, yet the league has assumed a position secondary in importance to the labor disputes. He is permitted to indite a message vetoing the prohibition measure at the eleventh hour, if he did indite that message, but must not be bothered with affairs international. The situation moves one to sympathize with the bewilderment of the editor of the Fort Wayne News, who says:

"Just what's the trouble with the President anyhow? Each day Doc Grayson advances some new ailment at the same time assuring us that the Most High is all right in every other respect. We'll confess that we are growing puzzled."

The Constitution provides that "In case of the removal of the President from office... or inability to discharge the powers and duties of said office, the same shall devolve upon the Vice President." One is tempted to believe either that Mr. Wilson is wholly incapable of attending to his presidential duties, and they are being attended to for him, or that a ruse is being adopted without his knowledge to show partial ability, at least, with a view to preventing the Vice President from assuming the presidential duties. But partial ability would not remove him from the provision of the Constitution. The President must be wholly capable of functioning as President. Can it be that Joe Tumulty is really the President pro tem of the United States? And, if so, by what authority? What intimation did the saloons of the large cities have which induced them to stock up for the holidays, and why was the prohibition measure vetoed but a few hours before it would have become effective through Constitutional limitation? If Mr. Wilson is as ill as the Grayson announcements would indicate, he is entitled to, and will receive, the sympathy of the people. If he is as well as the messages credited to him would indicate there would seem to be no reason to discuss the necessity of the Vice President acting in his stead. Which is it?

WHO WILL BE NEXT?

Amid the din of strikes and cries of radicalism at least one voice of hope from the ranks of organized labor has been heard in no mistaken terms. The Treasury Section of the Washington Society of Draftsmen, composed of architects, structural engineers, mechanical engineers and estimators who are employed in the office of the supervising architect of the Treasury have voted to withdraw from the American Federation of Labor. In doing so they declare that the men high in the Federation are holding radical and un-American ideas, and that they will use their influence to induce other government workers to break away from the parent labor organization, saying that it has, "developed tendencies to threaten the foundation of the government of the United States." A few more acts of this kind and the labor crisis will pass into history.

AN AWFUL PRICE FOR EDESEL

The press reported recently details of a plot to kidnap Edsel Ford, son of the Jit King, with a view to holding him for \$200,000 ransom. What an awful price to pay for Edsel! It is a pity, however, that some such suggestion was not made to Henry at the time he was striving so persistently and so successfully to keep his darling son out of the army and to evade the decision of the Michigan draft board. If Edsel could have been quietly kidnapped and held for ransom at \$200,000, with interest running during the period of the war, possibly he could have kept him out of the army without exciting such invidious criticism as he did through his personal efforts to save the heir apparent of Flivverdom from the risk of shot and shell.

A MARKED ABSENCE OF "MAY I NOT?"

People who are familiar with President Wilson's style of writing will observe a very marked difference in choice of words, and construction of sentences in recent statements bearing his name, as compared with public papers he has written in the past. One cannot help wondering whether his illness has caused a marked change in his mental operations or whether some one else is doing part of the writing. In either case, it is a question to what extent the destinies of the administration are really guided by the man who holds the office of President.

"GLORIANNA" SEAT SALE A BIG ONE

Great Rush For Seats at Fritz Scheff Appearance Here on Tuesday, Is Expected.

Seats were placed on sale today at Shafer & Watkins Paint Store for the coming of Fritz Scheff in John Cort's Rainbow Division of musical comedies "Glorianna." The Washington has already announced that there will be no increase in prices for this engagement. But suggests however, an early purchase of seats in order to avoid disappointment later. "Glorianna" is a happy little love tale set to music and abounding in really funny situations that offer laughs galore. It is by Catherine Chisholm Cushing, with music by Rudolph Friml.

An exceptional cast is supporting Miss Scheff, and her success in "Glorianna" is equalled only by the furor created by her in "Mie Modiste." Chief among those in support of Miss Scheff is Al H. Wilson, the versatile dialect comedian who is featured in "Glorianna," George Everett, Ursula Ellsworth, June King, Curtis Karpe, Louis F. Spaulding, James Joseph Dunn, Marie King, Ed Malden, James Simpson, Margery Lane, Harriet Press Vera Dunn, and the one hundred per cent. perfect beauty chorus which has done so much to speed "Glorianna" on its way to success.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Maysville Homes.

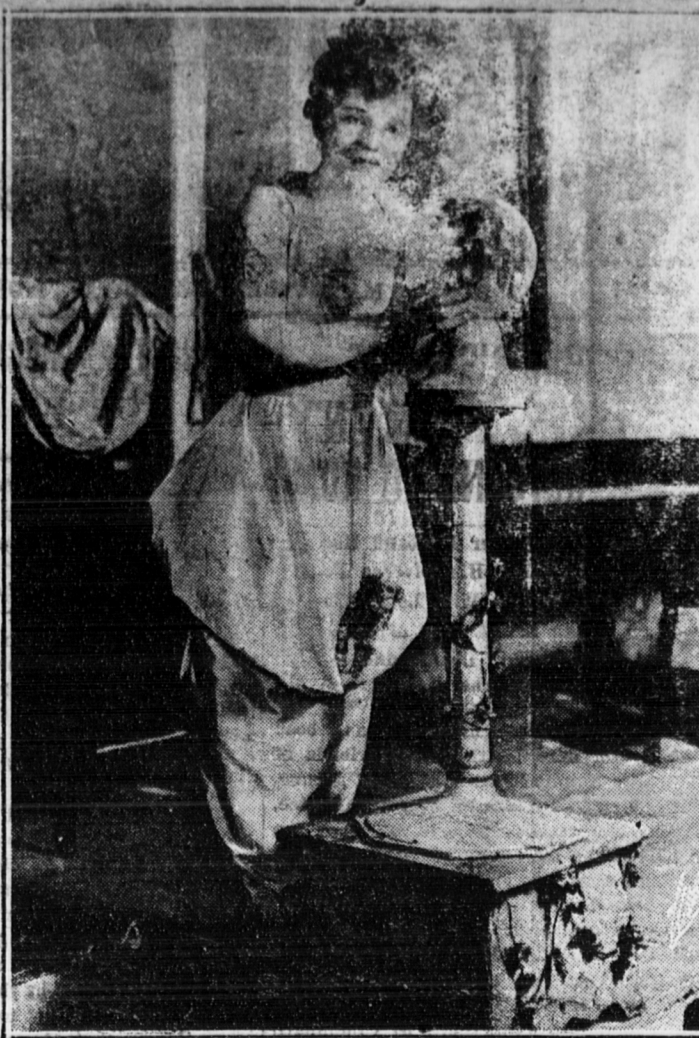

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains often come from weak kidneys.

"Would save much needless woe. Doan's Kidney Pills are for weak kidneys."

Read what a Maysville citizen says: Mrs. R. W. Landerback, W. Second Street, says: "Two years ago I was suffering with kidney trouble and had been for a long time. I was nervous and dizzy and had severe headaches. My kidneys were too frequent in action and annoyed me greatly. I had a dull ache across the small of my back and my back was so lame at times that I could hardly bend one way or the other. Some one advised me to use Doan's Kidney Pills and I got a box at Wood & Son's Drug Store. They helped me at once and continued use entirely cured me of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Landerback had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

JUNIOR RED CROSS IS REORGANIZED

High School Elects Officers For Junior Red Cross For Another Year.

The students of the High School assembled Friday morning for the purpose of reorganizing their chapter of the Junior Red Cross and electing new officers. If new ones were desired. It was moved that the officers should be the same as last year. This movement met with approval of the student body and the officers for '19-20 are as follows, President, Eloise Burgess; Vice President, George B. Purdon; Secretary and Treasurer, Theima Stahl. With leaders possessing ability as do these we know the Junior Red Cross of M. H. S. will be a success.

We are proud to say that every student of the High School is a member of either the Junior or Senior Chapter. Every class having one hundred per cent. membership.

If the citizens of Maysville respond as readily as did the student body we will have a 100 per cent. town—a thing much to be desired.

The Roman Catholic diocese of Springfield, Mass., will celebrate its semi-centennial next year.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

BE CAREFUL OF DIPHTHERIA, SAYS BOARD OF HEALTH

Kentucky Board of Health Urges Citizens to Be Careful of Spread of Diphtheria in State.

Diphtheria is reported as existing in more than half the counties in Kentucky. It is epidemic in several of them. This is not a cause for senseless alarm but for intelligent action. More than half the 249 deaths which occurred from this disease last year were in children whose parents failed to call a physician during the first three days of the sore throat. The greatest American authority speaking of diphtheria antitoxin says:

"When this remedy is properly used on the first day of the appearance of the membrane in the throat, there are no deaths from diphtheria. When delay in its use extends to the second day, the death rate runs from five to ten per cent; when it extends to the third or fourth day, it runs up to thirty, forty and even fifty per cent."

The following definite suggestions are offered by the State Board of Health to teachers, parents or guardians for the suppression of diphtheria:

When a child has a sore throat it should be excluded from school, kept at home in bed, separated from other children, and the family physician called. This is essential if there are whitish spots in the throat. Specimens should be taken by the physician and examined in approved laboratories or sent to the State Health Laboratories at Lexington or Louisville for free examination. If the case is at all suspicious antitoxin should be administered at once, 5000 units if seen on the first day, and from 7,000 to 10,000 units if seen later. This does should be repeated in six hours if the membrane is not getting smaller. Antitoxin is furnished by the State Board of Health at greatly reduced prices to physicians and Boards of Health.

IN THE DAY'S NEWS

The time-honored Lord Mayor's show will take place in London today, and the new Lord Mayor, Sir Edward Ernest Cooper, will be formally installed in office. No more violent contrast is to be found the world over than that existing between the various duties of the Lord Mayor of London. Theoretically, at least, the King of Great Britain and Ireland and Emperor of India cannot enter the city of London without his consent; yet he spends the best part of his morning dispensing Solomon-like justice upon petty offenders who have broken the peace of the square mile of territory over which he rules. Outside of this, his duties are largely ornamental, consisting of attendance on meetings, dinners, receptions and other functions of a public or semi-public nature. He receives \$50,000 a year, but is expected to spend several times this amount in the way of entertainment and otherwise keeping up the dignity of his office.

GOVERNORS WILL MEET TO DISCUSS PLAGUE FIGHT

Governors of Southern States are Called Together For Conference on Tuberculosis Fight.

Lexington, Ky., November 7.—Announcement was made here today by Dr. Charles Baylis, of New York, regional director of the National Tuberculosis Association, that Governor A. H. Roberts, of Tennessee, had called a conference of the governors of the Southern states at Chattanooga November 29 to consider ways and means for combating the spread of tuberculosis in the South.

The governors will be the guests of the civic organizations of Chattanooga during the conference, Dr. Baylis said. A drive to Lookout Mountain and a banquet will be features of the conference, the program for which has been tentatively arranged. Eight of the Southern governors, Dr. Baylis said, are actively interested in the movement to fight the menace of tuberculosis in the Dixie states.

Dr. Baylis and Regional Secretary Murray A. Auerbach, of Atlanta, were in Lexington today for a conference on organization work in this state. They left this afternoon.

ROOSEVELT ON CHURCH-GOING

1. In this actual world, a churchless community, a community where men have abandoned and scoffed at or ignored their religious needs, is a community on the rapid down grade.

2. Church work and church attendance mean the cultivation of the habit of feeling some responsibility for others.

3. There are enough holidays for most of us. Sundays differ from other holidays in the fact that there are fifty-two of them every year. Therefore, one Sunday goes to church.

4. Yes, I know all the excuses. I know that one can worship the Creator in a grove of trees, or by a running brook, or in a man's own house, just as well as in a church. But I also know as a matter of cold fact the average man does not thus worship.

5. He may not hear a good sermon at church. He will hear a sermon by a good man who, with his good wife, is engaged all the week in making hard lives a little easier.

6. He will listen to and take part in reading some beautiful passages from the Bible. And if he is not familiar with the Bible, he has suffered a loss.

7. He will take part in singing some good hymns.

8. He will meet and nod or speak to good, quiet neighbors. He will come away feeling a little more charitably toward all the world, even toward those excessively foolish young men who regard church-going as a soft performance.

9. I advocate a man's joining in church work for the sake of showing his faith by his works.

Although Liberia was founded and colonized by Americans, the use of British money, weights and measures has always prevailed in the negro republic.

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit."

—Mrs. JOSEPHINE KIMBLE, 935 West Race St., Portland, Ind.

Thousands of American women give this famous root and herb remedy the credit for health restored as did Mrs. Kimble.

For helpful suggestions in regard to such ailments women are asked to write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

FLU CAUSED PRESIDENT WILSON'S SICKNESS

Physicians claim that President Wilson is suffering from neuasthenia or nervous exhaustion. This, they claim, is the after effect of an attack of influenza which he had last April, while he was in Paris attending three Peace conferences. There are hundreds of thousands of people today who are still suffering some bad effect from last year's attack of influenza.

Doctors are agreed that the Flu is coming back this Fall, and now that cooler weather is here, they are afraid it will break out any time. Even if one recovers from the Flu, the after effects are terrible. The only safe thing to do is to prevent the Flu.

Influenza can be prevented, last year's results prove that. As a preventive for Flu, Turpo has been a pronounced success. Turpo is an effective germicide, combining the old-fashioned remedies of turpentine (which has always been known as the best home germicide), camphor and menthol in a pure mineral base. These ingredients have long been recognized as effective germicides, as well as having really wonderful qualities in relieving colds and congestions. Snuff a little Turpo up the nostrils several times a day, and the Flu germs will have little chance of getting a lodging and breeding place. Many physicians and hospitals use and recommend Turpo.

The fact that there have been cases of "flu" already reported makes it important that you prepare now. Buy a thirty cent jar of Turpo, while your druggist has a supply on hand, and use as directed. Last year druggists could not supply the demand. Remember that Turpo is a preventive, not a cure for influenza. Take care of yourself.

RED CROSS BUTTON INDEX OF MEMBERSHIP

Every Member of the American Red Cross Should Re-enlist For Another Year and Wear His Button.

Red Cross buttons are the index of membership in the Lake Division.

In connection with the Red Cross Roll Call for members to be held in Ohio, Indiana and Kentucky, November 2 to 11, Mackenzie R. Todd, campaign manager has supplied 3,500,000 buttons to chapters. In addition to assignments made a number of chapters have re-ordered additional buttons from division headquarters.

The present membership in the three states is 2,346,466. These memberships expire January 1 and the November 2 to 11 drive is being held to give members a chance to renew their allegiance to the Red Cross for 1920 and to obtain additional memberships for the organization.

National Headquarters has set as the Lake Division quota 2,349,000 members. Indication of enthusiasm on the part of many chapters points to an even larger enrollment.

The 1920 Red Cross will fight ignorance, sickness, and suffering in America. Need for this service is shown by figures which indicate that there are still 250,000 disabled fighting men in need of care. About 800,000 American boys were unfit for service; 1 baby out of seven dies in its first year; 200,000 die annually of tuberculosis; 300,000 children under five years die annually of preventable diseases; 7,000 are drowned in American waters annually; and accidents kill 100,000 and disable 500,000 in the same length of time.

The famous Luray Cave (in Page County, Va., underlies an area of about 100 acres and consists of many chambers, only a few of which have been thoroughly explored. There are several tiers of galleries, the depth from the highest to the lowest being about 280 feet.

Good telephone service depends not only upon the telephone equipment and the skill and intelligence of the telephone employes, but also upon the co-operation of the telephone USERS. It is the responsibility of the calling person to be sure to give the operator the right number, speaking slowly and distinctly.

The operator's responsibility is, in turn, to answer the caller's signal promptly and to give the desired connection quickly and accurately.

Still further, the called person co-operates towards good service BY ANSWERING PROMPTLY; and each helps by speaking distinctly and by practicing courtesy and patience under all conditions.

When?

WHEN ARE YOU GOING TO BUY?

This fall while prices are reasonable next spring when clothing will be dearer? On account of selling Germany, our cotton, it is going higher every day. When the peace treaty is signed and we will be able to loan European countries more money then everything will advance. To our customers who know the class of merchandise we sell, we have no advice to give, but to those who have never bought from us, we would advise them to buy first class merchandise as it pays in the long run. You may be surprised to learn that customers are coming from cosmopolitan towns, Portsmouth, O.; Cincinnati, O.; Paris, Ky.; Lexington, Ky., and other places of importance. We are glad to be able to please them when they come.

Times like these, while merchandise is scarce and high, persons look around more. Those who have never been to see us, now have an opportunity to come in and see what we have.

**THE CROP SEASON
IN KENTUCKY IS
VERY DISCOURAGING**

Last Crop Report of the Season Says
the Entire Crop Season Has Been
Quite Unfavorable.

State Commissioner of Agriculture
Mat S. Cohen has issued the following
crop report as of November 8:

This is the last crop report of the
season 1919 issued by this Department,
and gives the final estimates on yield
of corn and tobacco, neither of which
crops are entirely housed as yet. This
crop season has been very unfavorable,
with the extreme drought throughout
the summer months and the continued
rains throughout the fall months,
and much complaint is voiced
as to corn damaging in the shock.

The prospects for the wheat crop of
1920 in this state are not good. The
anticipated acreage is exceptionally
small, the same showing at 57 per
cent, which, compared with the 114
per cent. acreage sown in 1918 shows
the crop has been cut 50 per cent. The
condition of wheat at this time is
given at 72 per cent. Only about 50
per cent. of the acreage planned was
reported sown up to November 1st.

The acreage of Rye that is being
sown is also lower than last year, the
same being 88 per cent., with condition
showing at 96 per cent.

Barley is sown but few communities,
and the very few reports coming
to this office show the acreage at 92
per cent; with condition 96 per cent.

Final estimate on the corn crop
shows an average yield of 23 3-10 bu.
per acre, which is 2 bushels per acre
less than last year. This would indicate
a production of something over
72,000,000 bushels for the year.

The estimate on Burley tobacco in
final is 716 pounds per acre, while
dark tobacco is estimated at 835
pounds per acre. This is lighter in
both districts than last year.

A light crop of potatoes is also
reported. The yield as a state average
is given at 68 bushels per acre of the
second crop of Irish potatoes, and 89
bushels per acre of sweet potatoes.

Pastures have greatly improved, and
show a condition of 94 per cent., which
is exceptional condition for this time
of the year.

All classes of live stock are in good
condition, and the number on hand as
compared with an average year show
as follows:

Horses, number on hand 91 per
cent.; condition 92 per cent.
Cattle, number on hand 88 per cent.;
condition 92 per cent.

Hogs, number on hand 87 per cent.;
condition 83 per cent.

Sheep, number on hand 82 per cent.;
condition 94 per cent.

Taken as a whole, the average yields
for this year have been cut down,
which is attributable to the unseasonable
crop year. Fall work is greatly
delayed on account of continued rains,
and a great deal of complaint comes
in regard to corn and fodder being
damaged in the shock. Taking into
consideration the extreme drought during
the growing season, and excessive
rains during the maturing season all
crops are cut both as to quantity and
quality.

Commissioner of Agriculture

The newly organized orchestra of the Third Street M. E. Sunday School is proving quite a hit with everybody. The orchestra in addition to playing the Sunday School songs, enlivens the opening period with special selections. Again they play for the evening church service, rendering a popular opening number, accompany all the chorus singing and conclude with a postlude march. Most of the members are from the Boys' Band and they certainly show the fine training they have had. Come around next Sunday and hear them.

STATE BAPTIST MEETING AT GEORGETOWN

Rev. J. A. Davis, pastor of the local Baptist church, and Mr. T. F. Galtner, moderator of Bracken Association of Baptists, leave today for Georgetown, Ky., to attend the annual meeting of the General Association of Baptists of Kentucky. This annual meeting is expected to be one of the greatest in the history of the old General Association.

There was a very interesting meeting held at the Stone Lick Baptist church on Sunday afternoon in the interest of the Baptist 75 Million Campaign. This church's apportionment was \$500 and in a very short time \$600 was subscribed over subscribing the church \$100 with many members yet to see. The meeting of Sunday is considered an unusual success.

The body of Mrs. Edward Porter, former resident of Maysville, who died recently at Cleveland, Ohio, passed through the city this morning being taken to Carlisle for burial.
